- For customer support regarding **Uniprise** products, contact your local account representative or call 1-800-544-1948 or (828) 459-5000.

Parts List

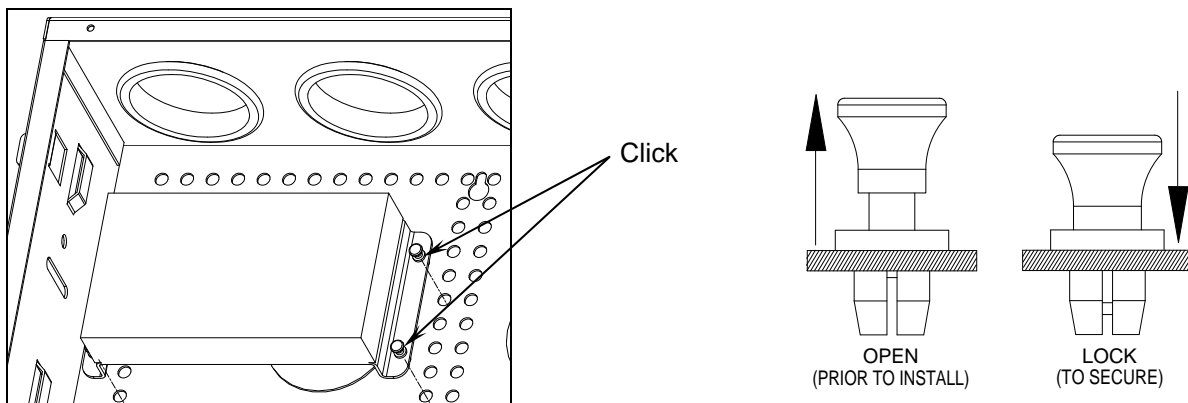

Verify contents from the parts listed below:

Quantity	Description
1	8-port hub
8	8P8C patch cords, 12" (305 mm) long
1	AC-DC power adapter DC9.0V/1.0A
1	Instruction sheet

Installation

Align mounting pins on hub with grid holes on back of enclosure. With mounting pin plungers in the "open" position, press unit into grid in the desired location. Push plungers in to secure the unit.

Note: The panel may be installed horizontally (as shown below) or vertically on either the left or right side of the enclosure.

This product is covered by one or more of the following U.S. patents or their foreign equivalents:
6,362,430,6,222,124,6,536,042.

Notes:

1. **IMPORTANT:** The **Uplink** or **Input** port can be any one of the 8 ports on the hub. Once the Uplink is plugged into the hub, the digital circuitry will interpret the signal as “incoming” and assign that port as the uplink.
2. The network router should be located adjacent to the UNMDU-DDM-8 module.
